

Points scoring system:

Place	Points
1	22
2	18
3	15
3	15
5	13
6	12
7	11
8	10
9	9
10	8
11	7
12	6
13	5
14	4
15	3
16	2
17	1
18	1
etc	all subsequent placings 1 point

The best 5 results from the 6 rounds contribute to final ranking scores.

In the event of a points tie in the final ranking scores, the tied fencers (2 or more) will be separated as follows.

Tied fencers will be ordered according to the number of 1st place finishes from all 6 rounds.

Rankings not decided by number of 1st places will then be ordered according to the number of 2nd place finishes from all 6 rounds.

Rankings not decided by number of 2nd places will then be ordered according to the number of 3rd place finishes from all 6 rounds.

And so on until the tied places are decided.

Only if this process is exhausted without separating the tied fencers is a final points tie declared.
